

LEARN WHILE HAVING FUN!

**PROPOSAL FOR
SECONDARY SCHOOL**

DOSSENA

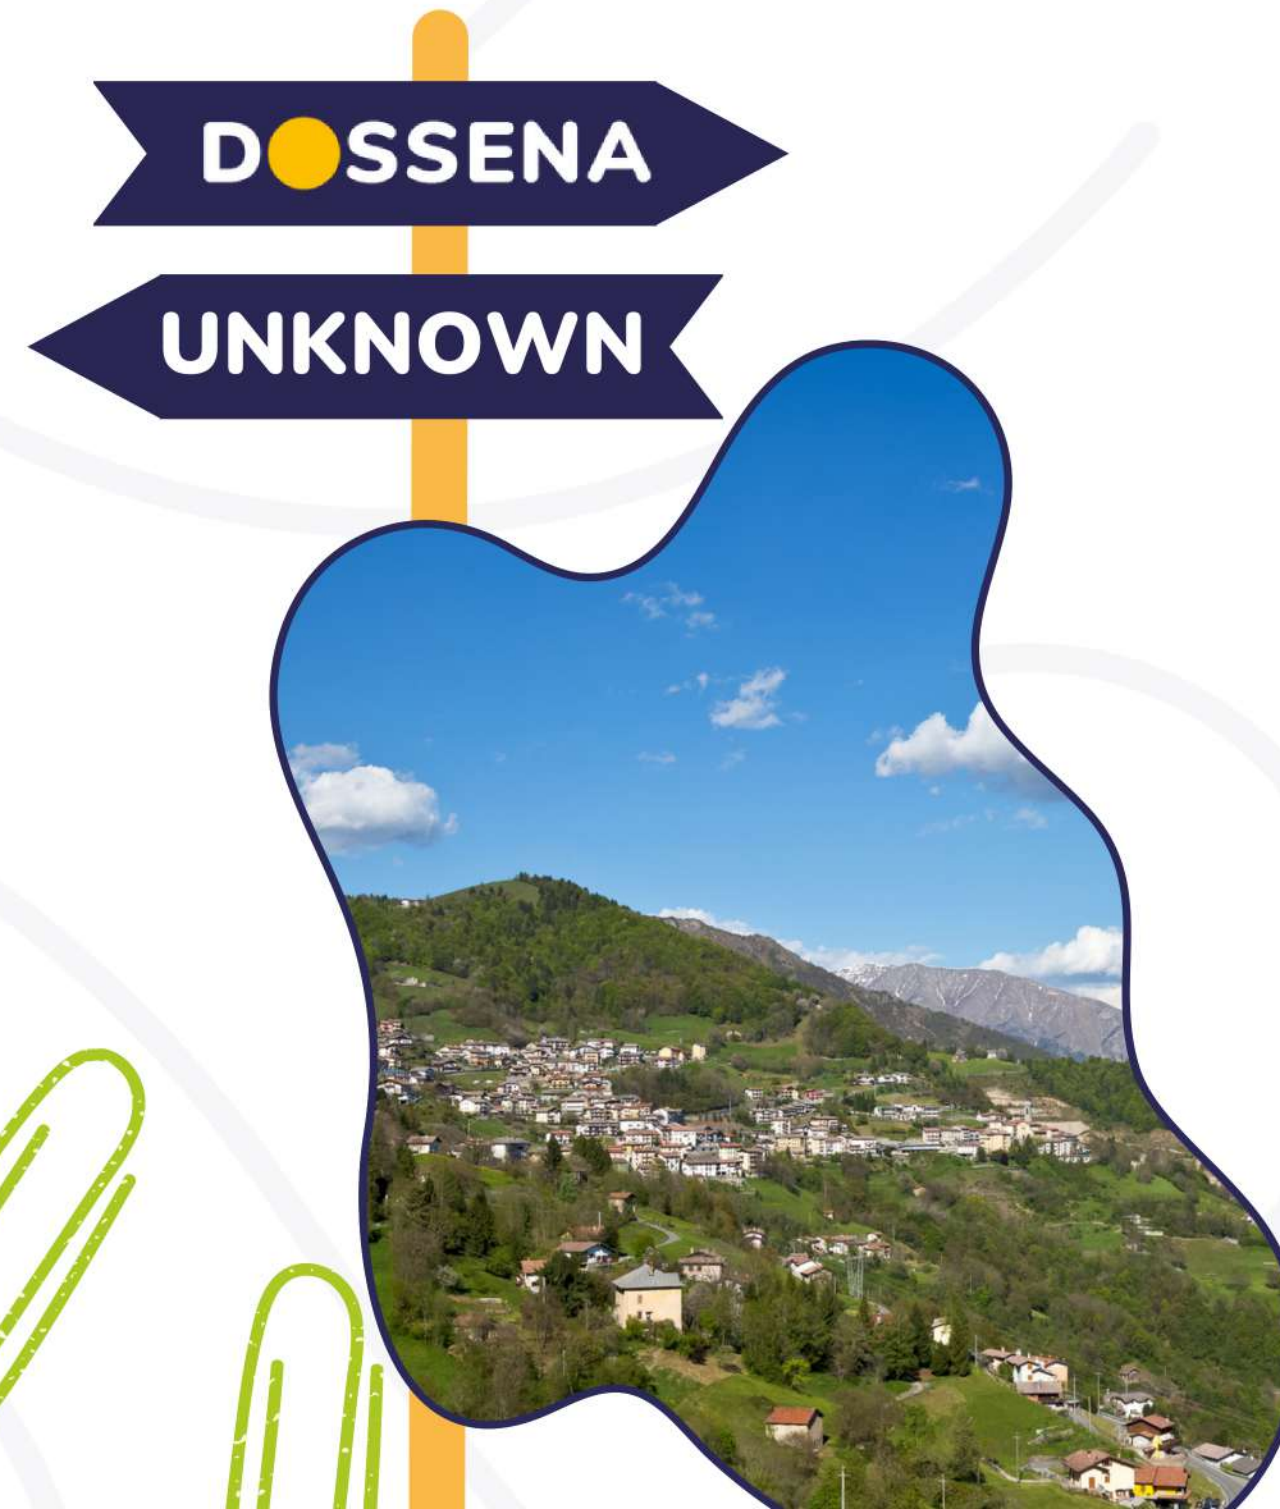

allows you to discover **Orobic** in a **different** way!

Discover all our proposals for primary schools: **culture, experiences and activities come together** to offer students and teachers a **perfect school trip!**

- **More than a school trip**

Dossena has bet on the rebirth of the town by focusing on the **involvement of young people** and on the writing of a Territorial Development Plan, with the **aim of not letting this small village die.**

Driven by this spirit of “doing more and better”, we can help your schools organise a different trip, by taking care not only of the activities, but also of finding solutions for meals and transportation of children.

LOCATION

How to arrive by bus:

- **A4** exit Dalmine;
- **SS470** directed to Brembana Valley;

DO ALL THINGS WITH LOVE

is one of our slogans, which we want to convey to students to:

- put greater effort into activities and study;
- promote a positive and proactive climate;
- improve self-satisfaction;
- increase trust among students;
- encourage creativity.

- **Why this choice?**

- to influence relationships between students in a positive way;
- to make the school environment more harmonious and productive.

PROPOSAL FOR
SECONDARY SCHOOL

PONTE NEL SOLE

- **Internal activity**

An itinerary of 1223 steps that will make you fly between the clouds and the sky.

An adventurous experience at a height 120 metres to be lived in total safety, in the stunning landscape of Orobie Pre-Alps.

- **Why choose it?**

The walk on the “Ponte nel Sole”, experienced with the support of our expert operators, will allow you to overcome your fears of emptiness and heights.

Activity stimulates group fun, challenge, but also concentration and focus on objectives and activities. An experience to be lived in a group, around which it is possible to build different metaphors and strengthen bonds between schoolmates.

Specifications for teachers

Participants: max. 400;

Duration: about 1 hour and a half;

Included: technical equipment, services and support;

SPELEO●PARK

- **Internal activity**

The emotion of the **darkness**, of the **passages suspended over the caves**, of the verticality and of the strength of the group that supports you. A **unique** speleological park in Europe to discover yourself, face fears and discover history in total safety with your class.

- **Why choose it?**

This activity has a **double educational value**:

1. **individual**, because it is expected that participants will be able to experiment with the various difficulty levels of the routes to regain self-esteem, courage and motivation in facing “obstacles”;
2. **team-based**, as during the activity classmates explain the more complex steps to those nearby and support them in the most difficult moments.

Specifications for teachers

Participants: max. 100;

Duration: about 1 hour and a half;

Included: technical equipment, services and accompaniment in groups;

PROPOSAL FOR
SECONDARY SCHOOL

THE MINES TOUR

- **Internal activity**

To children, the mines have always been a magical as well as mysterious place. Students will be able to delve into the underground, **on a journey into the past**, to discover the tunnels of the ancient mines of Dossena, **in search of the precious mineral left on the rock**.

- **Why choose this?**

The guided tour inside the mines can provide students with a practical and tangible experience **to understand the importance of the mining and minerals industry**. Moreover it can be an opportunity to learn about geology, about local history and about the importance of safety on the job. Finally, it can help students to better understand the impact of the mining industry on the environment and on the surrounding community.

Specifications for teachers

Participants: max. 100;

Duration: about 1 hour and a half;

Incluso: technical equipment, services, and accompaniment in groups;

IL BECCO ● (BEAK)

- **Internal activity**

The emotion of a trekking that will lead you to a landscape with a **breathtaking view of the mountains and of the underlying valley**.

A 16-metre long gangway on a cliff, about 250-metre high, that will allow you to face your fears and to get in touch from up high with the widest Wilderness Area in Lombardy, but in complete safety!

- **Why choose this?**

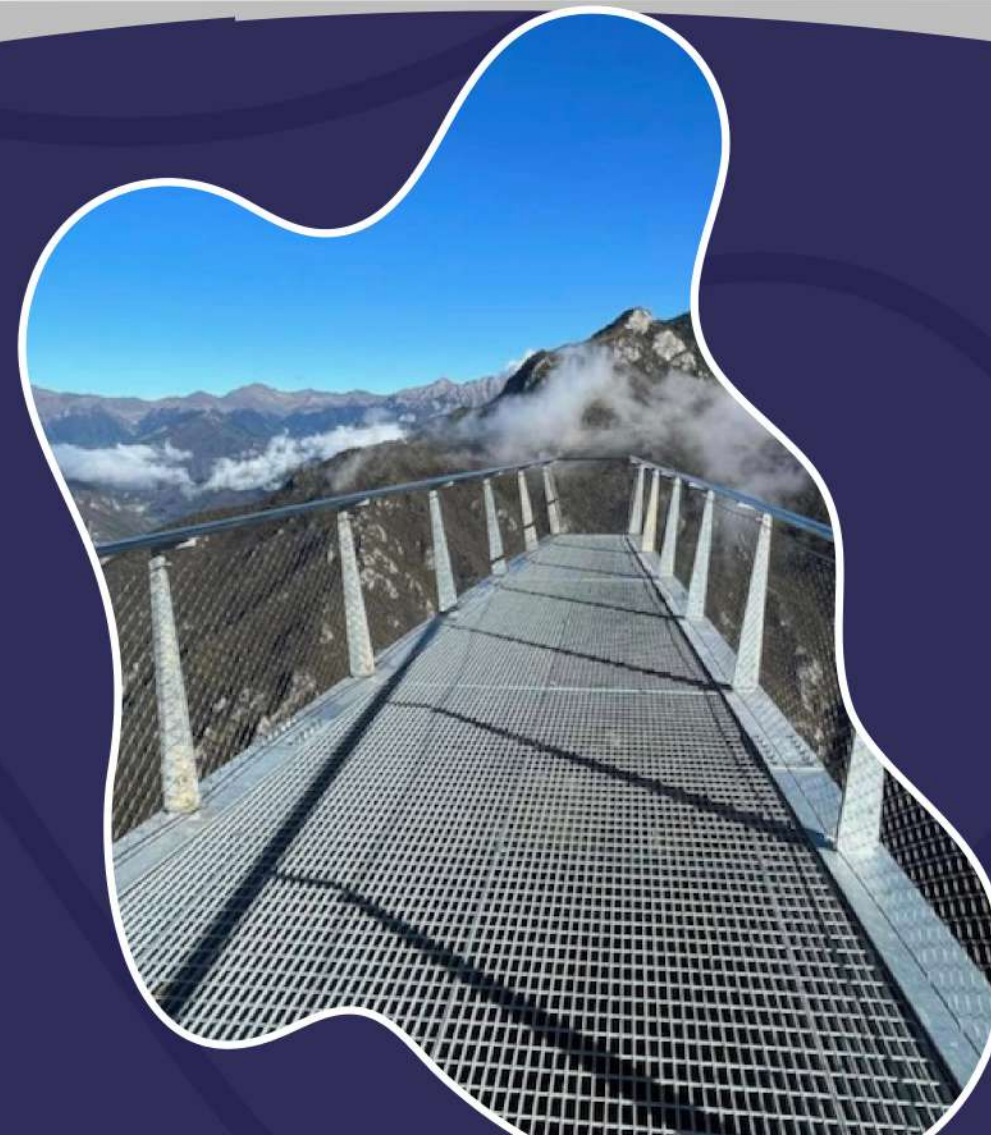

Trekking at Becco is an outdoor training activity of sporting-cultural nature that **stimulates children's bodies and minds, raising awareness of respect for nature** and its observation, in a context of socialisation and exchange. It also promotes relationships and mutual help between classmates, stimulating the ability to orientate and to explore with all 5 senses.

Specifications for teachers

Participants: max. 50 at the same time;

Duration: about 1 hour and a half (30 min. to access);

Included: accompaniment;

FARM TOUR

- **External activity**

A different way to get in contact with the agricultural world, helping farmers to prepare butter, cream and cheeses. Tasting is a must!

It's an **educational experience** that leads children in a real farm to **impart knowledge about agriculture, about farm animals and about the surrounding environment.**

- **Why choose this?**

With this experience we want children to rediscover a dimension closer to that of nature and to develop awareness about the products we consume daily and about their origin.

Taking a farm tour allows pupils to conceive **the importance of agriculture and of a healthy nutrition, as well as the food production cycle.**

Specifications for teachers

Participants: max. 50;

Duration: about 1 hour and a half;

Included: technical equipment, services and accompaniment in groups;

BUILD IT YOURSELF

- **We listen to your needs**

Our organisation is at complete disposal to **best organise your school trip**, from the activities to the accommodation. Our team is at your school's disposal!

- **Why choose us?**

Because we can create moments of adrenaline-filled activity as well as moments of conviviality and reflection, that will be an unforgettable opportunity of growth and of regenerated motivation for your students!
