

LET THE **SUN** SHINE ON YOU

 **PROPOSAL FOR**  
**TEAM BUILDING**

# DOSSENA

allows you to discover **Orobic mountains** in a **different way!**

In the uncontaminated nature of Brembana Valley **adrenaline-filled activities, culture and good food** are waiting for you to offer an unforgettable experience!

Dossena is a small Italian town, with only 880 inhabitants, in Bergamo district. It is in Orobic Pre-Alps, 30 km north-east from Bergamo and a 1000 m a.s.l.

- **Why choose Dossena?**

It wagered on the rebirth of the town relying on the **engagement of young people** and on the writing of a Local Development Plan, to **avoid the death of this small town**.

# LOCATION

## How to get there:

- **A4** exit Dalmine;
- **SS470** directed to Valle Brembana;
- **SP 26** from San Pellegrino Terme to Dossena;

PROPOSAL FOR  
TEAM BUILDING

# PONTE NEL SOLE

- **Internal activity**

An itinerary of 1223 steps that will make you **fly between the clouds and the sky**.

An adventurous experience at a height 120 metres to be lived **in total safety**, in the stunning landscape of Orobie Pre-Alps.

- **Why choose it?**

The walk on the “Ponte nel Sole”, experienced with the support of our expert operators, will allow you to **overcome your fears of emptiness and heights**.

Activity stimulates **group fun, challenge**, but also **concentration and focus on objectives** and activities. An experience to be lived in a group, around which it is possible to build different metaphors of team working and thus strengthen relationships between team members.

- **Specifications**

**Participants:** max. 400;

**Duration:** about 1 hour and a half;

**Included:** technical equipment, services and support;

# SPELEO●PARK

- **Internal activity**

The emotion of the **darkness**, of the **passages suspended over the caves**, of the verticality and of the strength of the group that supports you. A unique speleological park in Europe, to discover yourself, face fears and discover history in total safety with your team.

- **Why choose it?**

This activity has a **double educational value**:

1. **individual**, because it is expected that participants will be able to experiment with the various difficulty levels of the routes to regain self-esteem, courage and motivation in facing obstacles;
2. **team-based**, as during the activity coworkers explain the more complex steps to those nearby and support them in the most difficult moments.

- **Specifications**

**Participants:** max. 100;

**Duration:** about 1 hour and a half;

**Included:** technical equipment, services and accompaniment in groups;

# THE MINES TOUR

- **Internal activity**

You will delve into the underground, on a **journey into the past**, to discover the tunnels of the ancient mines of Dossena.

You will have the opportunity to see the effort up close, touch the tools used in past centuries and go **in search of the mineral remaining in the tunnels**.

- **Why choose it?**

With this experience the person is able to **observe their own comfort zone**: by entering the tunnels they will be able to **understand the advantage of their job, that they take for granted everyday**, unlike the miners' work.

They will be able to rediscover that very often complaints are unfounded and they will remind themselves and the entire team of this daily.

- **Specifications**

**Participants**: max. 100;

**Duration**: about 1 hour and a half;

**Included**: technical equipment, services and accompaniment in groups;

# IL BECCO ● (BEAK)

- **The internal activity**

The emotion of **emptiness, height and a breathtaking view of the mountains and the valley below**. A 16-metre long gangway on a cliff of approximately 250-metres that will allow you to face your fears and come into contact from above with the largest Wilderness Area in Lombardy.

- **Why choose it?**

This activity has a **double educational value**:

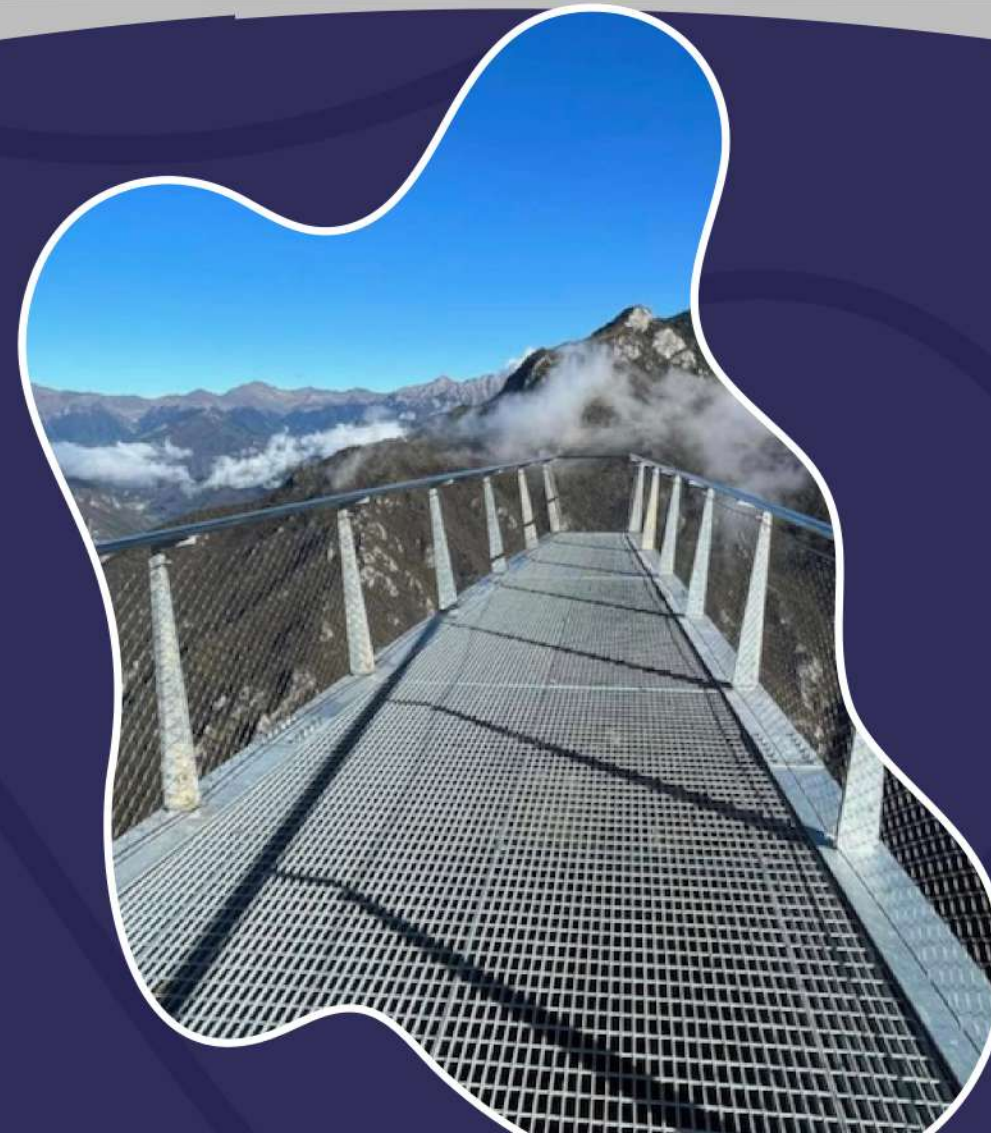

- **individual**, because it is expected that participants will be able to experiment with the various difficulty levels of the routes to regain self-esteem, courage and motivation in facing obstacles;
- **team-based**, as during the activity coworkers support and stimulate the “sufferers” not to stop and to reach the finish line: the tip of the Becco.

- **Specifications**

**Participants:** max. 50 at the same time;

**Duration:** about 1 hour and a half (30 minutes for access);

**Included:** accompaniment;

# FARM TOUR

- **External activity**

A different way to come into contact with the agricultural world: from milking the cows, to cleaning the stables, as well as the possibility of feeding the farm animals.

It is also possible to engage in the production of butter and cream as well as cheese. Without forgetting the well-deserved **tasting**.

- **Why choose it?**

With this experience we want to rediscover a dimension closer to that of nature and to develop awareness on the products that we consume on a daily basis.

Taking a farm tour allows you to assign **the right value to the product, to the timing and to the processes of nature**. A rediscovery to be transferred as a metaphor to your team to **go back to the strong values of the person and of the organisation**.

- **Specifications**

**Participants:** max. 50;

**Duration:** about 1 hour and a half;

**Included:** technical equipment, services and accompaniment in groups;

# BUILD IT YOURSELF

- **We listen to your needs**

Our organisation is at your complete disposal to **best organise your company trip**, from activities to accommodation solutions. Our team at your disposal!

- **Why choose us?**

Because we can create moments of adrenaline-filled activity alternating with moments of conviviality and reflection, which will be an unforgettable opportunity to grow and to regenerate motivation for your team.
